PROFESSIONAL PROFILE

Full-stack web developer with 5+ years of experience designing and building fast, accessible web applications for startups and SMEs across East Africa. I specialise in React, Next.js and Node.js, with a strong eye for UI/UX and a track record of shipping products that convert.

WORK EXPERIENCE

Senior Full-Stack Developer — Savannah Digital, Nairobi	2023 — Present
- Lead development of client platforms serving 40k+ monthly users (Next.js, Node.js, MongoDB). - Cut average page load time by 55% through SSR, image optimisation and edge caching. - Mentor a team of 3 junior developers and run the internal code-review culture.	
Frontend Developer — Tatu Tech Solutions, Nairobi	2021 — 2023
- Built 20+ responsive marketing sites and dashboards in React and Tailwind CSS. - Introduced a reusable component library that halved UI delivery time.	
Freelance Web Developer	2020 — 2021
Delivered e-commerce and booking platforms for 30+ small-business clients.	

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Framer Motion
Backend: Node.js, Express, Python, REST APIs, MongoDB, PostgreSQL, Firebase
Design: Figma, UI/UX Design, Design Systems, Prototyping
DevOps: Git, GitHub Actions, Vercel, Docker basics, testing (Jest, Cypress)
